CHRISTMAS LIGHTS AT MARSDEN

CHRISTMAS STICKMEN

For 2016's Christmas lights we would like you draw a scene showing stickmen engaging in a Christmas activity. You can be as imaginative or as crazy as you like. We like both traditional and humorous designs.

Draw your design below. The easiest designs for us to copy use simple coloured lines so try and avoid colouring in sections. Our favourite 8 designs will be made up on giant steel frames and erected on Peel Street for the switch-on on Saturday December the 3rd. The designs need to be handed in at your school or Marsden Library by Saturday the 12th of November. The competition is open to all ages - children and adults alike..
